

Dear FCC Officials,  
It's my understanding that Sinclair Broadcasting Group is intending to air a program named "Stolen Honor" on all its 62 stations just before the Nov.2nd election. This piece being a known discrediting and salacious portrayal of a candidate for president is a misuse of the public airwaves which are to be utilized for the best interests of the American Public- and a bald example of electioneering...I join with the voices of many citizens to ask this not be allowed.
